To Whom It May Concern:

We have been dealing with IRL for a number of years on multiple projects. In all these dealings we have found them to be very reliable and their workmanship excellent. They have delivered on time or before. Their staff on site have been efficient courteous. We have found their pricing competitive and have offered good engineering solutions. We have no problem in recommending them to other companies and will continue using them in the future.

Yours faithfully
Dalkia Technical Services
